

BECAUSE OF YOU

BAINBRIDGE SCHOOLS FOUNDATION 2016-17 ANNUAL REPORT

The success of the Bainbridge Schools Foundation comes down to one word: **Community.**

A community that highly values public education and is willing to engage and do whatever it takes to ensure our children receive the kind of education that will lead to a better future for all of us.

We give because we've seen firsthand how BSF programs make a difference for kids of all ages.

*Beaulieu-Shepard Family
STEM enthusiasts,
ski bums, rope skippers*

Because of you, BSF is sparking the imagination of countless young people.

*These scientists
thank you!*

Letter from BSF Executive Director Mairead Shutt

Dear friends,

Your support impacts every single student in our schools. Thank you for partnering with the Bainbridge Schools Foundation (BSF) to support our students and teachers. It is because of you that we are able to ensure our schools are top-tier.

Last year BSF expanded the number of island families and community partners who contribute creativity, energy, and financial support to our schools. Your support makes a difference in so many ways. This year your support enabled the district to launch a mentor program for new teachers, as well as doubling the resources dedicated to struggling students.

It truly takes the entire community to support our schools—from kindergarten parents to grandparents—and everyone in between. Thank you for all you do for our public schools and for your ongoing support of BSF.

Sincerely,

Mairead Shutt
Executive Director

Get to Know our Board President Sonja Fritts

As the daughter of educators, recipient of an excellent education, and mother of four children, I am passionate about education. Providing all children with an excellent education is a fundamental value that I am committed to, and our community shares that value.

I am thrilled that BSF is funding a multi-year initiative to create a professional continuum for teachers, including a comprehensive mentorship program. Every year, BSF partners with the school district, principals, and teachers to assess how to best use our funds. Our schools face a tremendous challenge: recruiting and retaining high-quality teachers. And there is a direct correlation between student success and teacher training and mentorship opportunities.

I envision BSF championing an extraordinary education that inspires and lights up our children. But, we can't do it alone. I challenge every community member to participate this year. Please volunteer, attend an event, engage in discussion, and yes, donate. It takes each and every one of us to support our students and teachers.

"Education is for improving the lives of others and for leaving your community and world better than you found it."

BECAUSE
OF YOU

Because of you, BSF is providing Classroom Innovation Grants to fuel out-of-the-box teaching methods.

These joyful learners thank you!

A special thanks to our donors who have given for five (b) and 10 (b) consecutive years!

Good schools are not good enough. The projects BSF funds, like classroom grants and new teacher support, foster innovation in our classrooms. I give to BSF because great schools are their goal.
